*The Chairman and all staff of
Korean Garden Lodge wishes
to congratulate*

**BAMBINO
SCHOOLS
LIMITED**

*as it celebrates 25 years
of existence.*

This milestone offers a wonderful opportunity to reflect upon the history of the Bambino Schools Limited and the important contributions it has made to the personal and academic development of many students, past and present.

As you mark 25 years of success, you have every reason to be proud of the Bambino's past and excited about its future. I am certain that Bambino Schools will continue its mission of preparing students to engage successfully with the world for many years to come.

Many of your graduates, some of whom includes MPs, Bankers, Lawyers, Engineers, Accountants, Doctors, Teachers and community leaders are a beacon of the quality of education that Bambino Schools offers.

Korea Gardens Lodge therefore joins you in these celebrations and partner with your institution as you move into a more successful future.

Welcome

Celebrations are a sign of achievement and the test of time that every institution goes through. Pomp, flare, demonstrations and excitement is what filled the atmosphere as people from all walks of life, from Lilongwe and beyond, swarmed to the venue of the Silver Jubilee celebrations, Bambino Private Schools ground, on Saturday, 27th October, 2018.

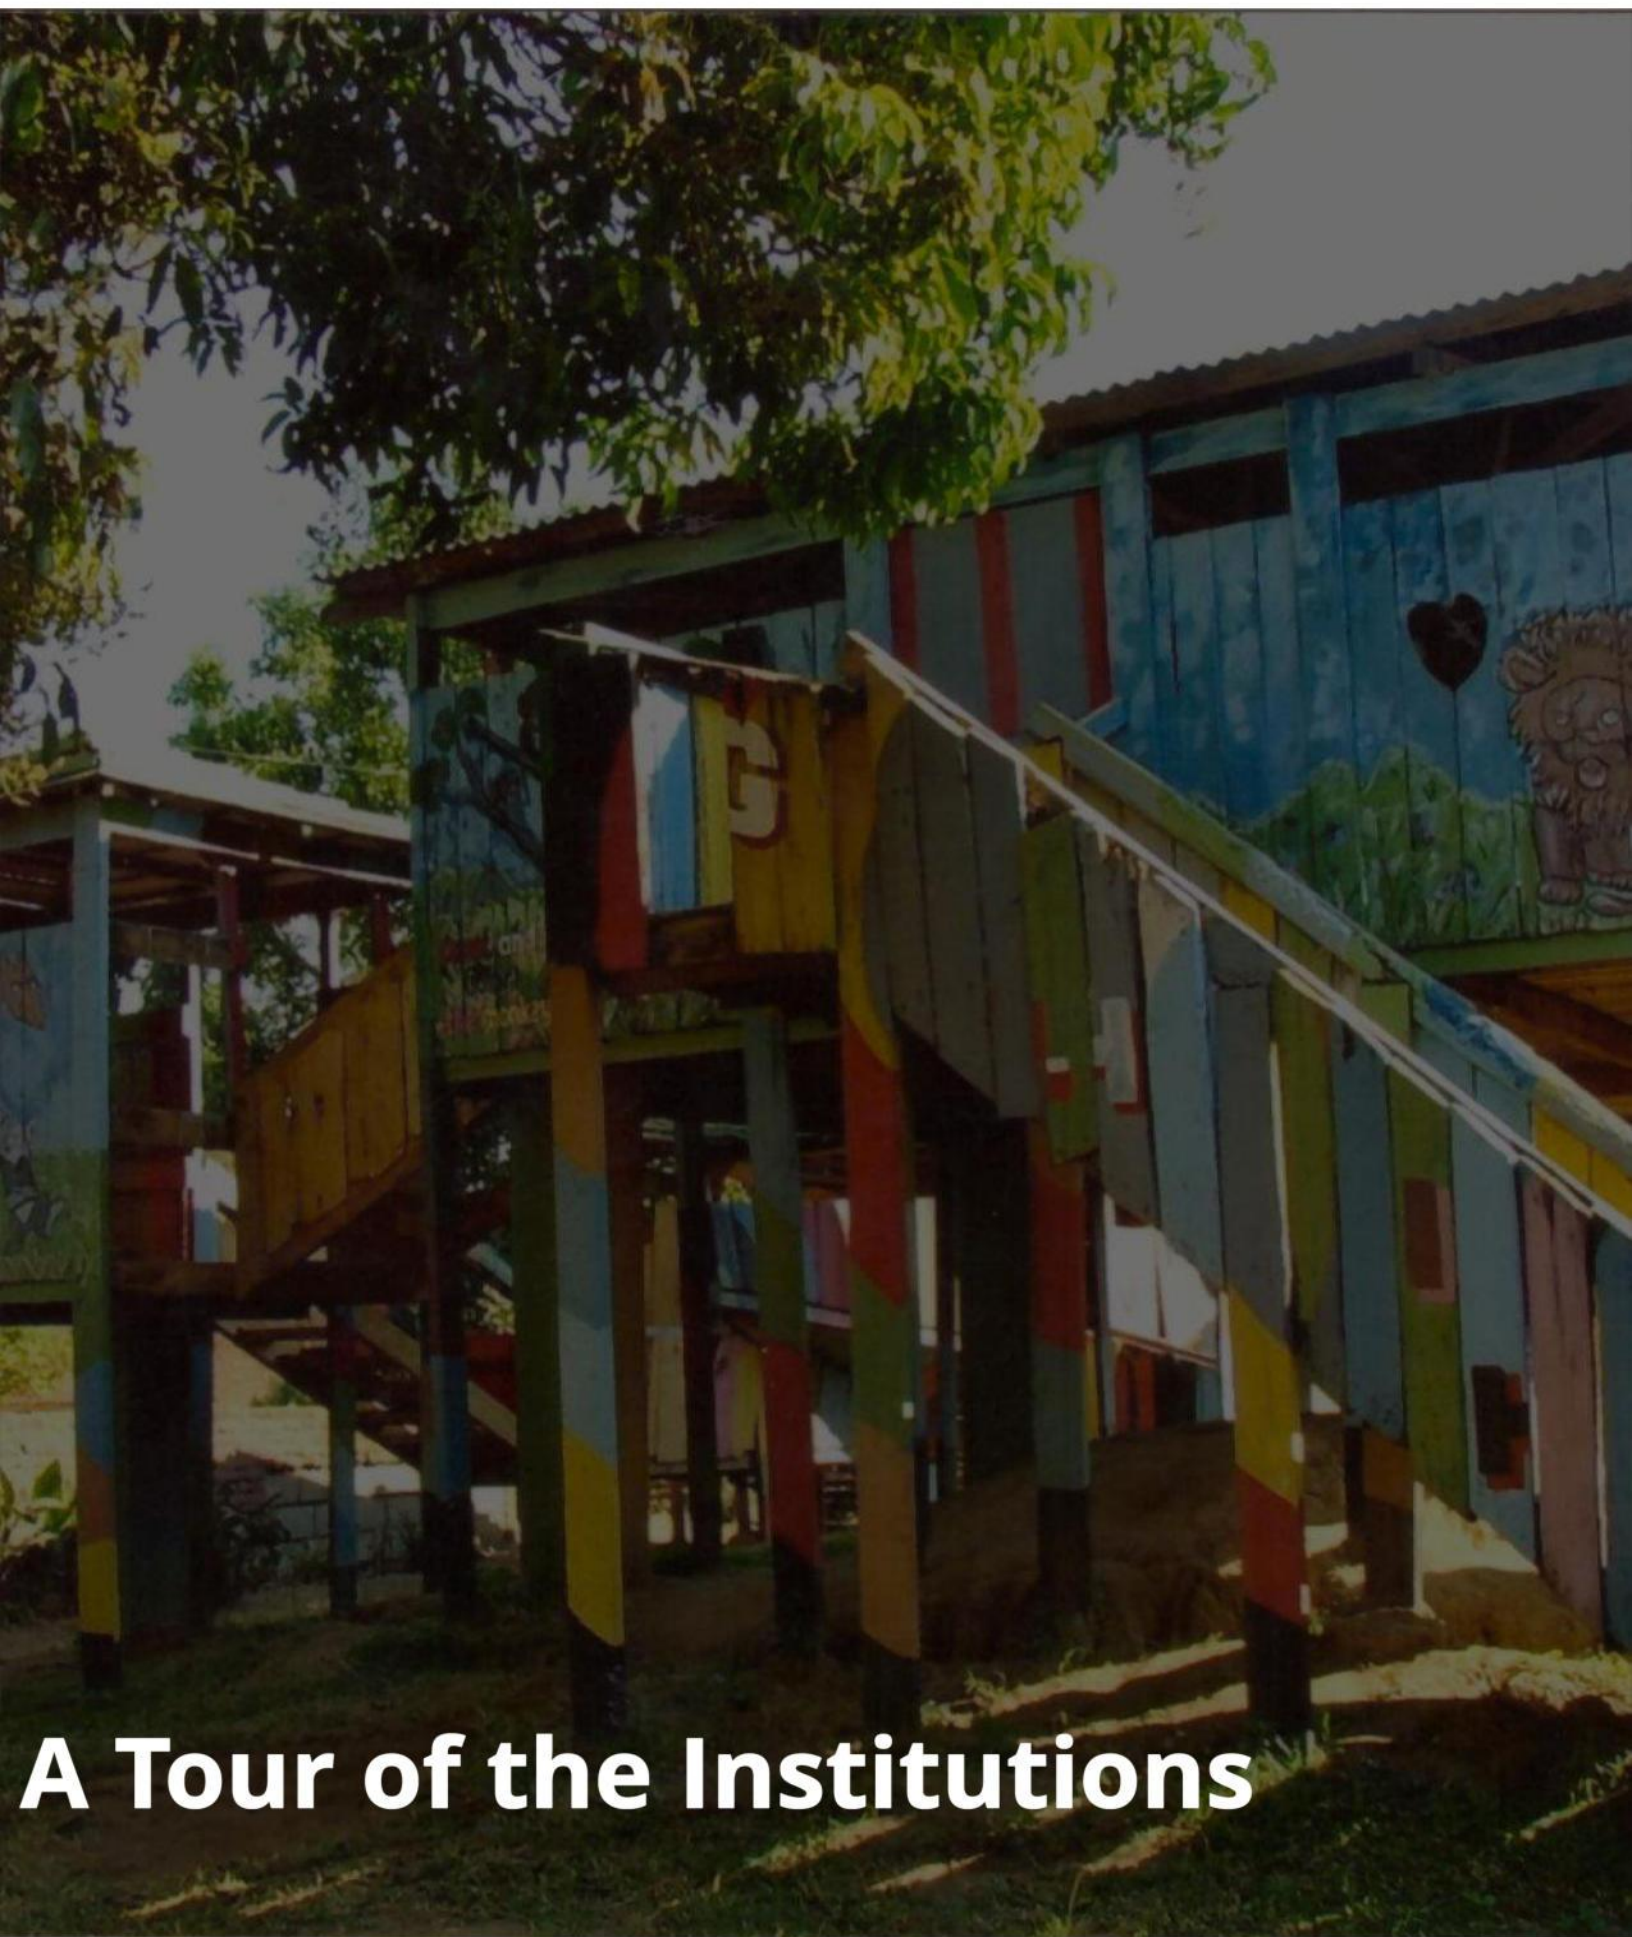

On the day

The day started off with the arrival of students in smartly dressed uniforms accompanied by their parents in the early hours of the morning.

Other guests streamed in as well making numbers inflate leading to grouping of visitors in dozens as they were welcomed at the car park by the Organizing Committee's Protocol team, followed by welcome remarks and a brief of a guided tour, and then handing the groups to Ushers made up of Teachers and High School Prefects.

A Tour of the Institutions

The guided tour was a trip down memory lane and the milestone of achievements so far. The tour started with the Nursery School where the Bambino Private Schools vision was first realised and then a tour of the adjacent campus of University of Lilongwe which is the greatest achievement so far coming from the same vision.

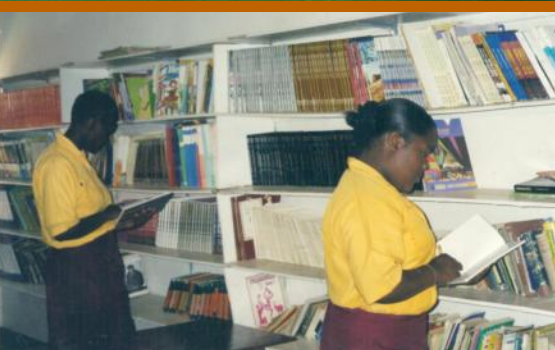

From the passing comments of visitors, it was indeed a marvel and a memorable experience, to be able to experience the Bambino vision first hand. Most visitors were thrilled to know that the Bambino entity has gone as far as opening a fully-fledged University.

There, visitors were shown the various learning areas and complementary resource areas including the vicinity surrounding both campuses. This was followed by a bus ride to the High school campus, Primary school campus and the boarding facilities.

The main event starts

Around 09:30 am, attention turned to the pinnacle of the celebration, a main function at the Bambino Private Schools' grounds. Parents were led to the venue and afforded seating in their section. Students then trickled to the venue in organised lines and bringing with them a chair in such an orderly fashion from

Nursery school, Primary school through to High school, including their visitors – German exchange students and their teachers. Their teachers, clad in celebratory golf shirts, were on hand accompanying the students and putting in place final preparations in terms of student

performances and key arrangements. There was the state of the art sound system, a podium with well decorated Bambino colours and the inscription of '25' to top it all up. There were 3 adjacent tents, 2 for students and one for the dignitaries and parents.

Dignitaries arrive

Soon enough, the dignitaries comprising of the Director of Administration in the Ministry of Education (as Guest of Honour representing the Minister of Education), The Deputy Mayor of Lilongwe City (also the local Ward Councillor), The Local Member of Parliament, Local Chiefs, Heads of Schools within the Chimutu zone who were received with cameras of the members of the press and duly by the Chairman of Bambino Schools and the Managing Director of Bambino school. They were later accompanied by the Head-teacher of Bambino Private Schools and the Deputy Head-teacher Academics of Bambino High school, to the venue while the entire gathering stood to welcome them.

The Main function starts in earnest

Opening remarks followed after the dignitaries had sat down and were indeed welcomed to the function. The Master of Ceremony, Mr. Paul Mzungu welcomed everyone and pointed out the value of celebrating 25 years of Bambino Private Schools' existence. He gave a historical and a developmental scope of Bambino Private schools and showed how the entire entity was overwhelmed by the turn out of those invited, parents and guardians, dignitaries and indeed the current as well as former students, the Bambino Private schools Alumni.

Time for Devotion

To kick start the event, the first item to be presented was a devotion led by Mrs. Chisusu who was assisted by 2 students from the Bambino Primary school and 1 student from Bambino High school. This was wonderfully done with nodding of heads from the people present who

who showed testimony of the sound moral values that Bambino Private schools instills in students. This was followed by a brief but expository performance by the Bambino High school's Marimba Band who kept the audience wanting more of their performance.

Speeches

The program then proceeded in earnest with a speech from the joint Bambino Private Schools P.T.A. representative who spoke highly of the visible achievements that the entity has and the word of encouragement to keep on with the efforts that are ever made by the institution with much appreciation from the parent grouping. This was followed by a performance from the Bambino Nursery school, the pioneer of Bambino Private Schools themselves, who presented a traditional performance of Chimtali much to the amazement of the audience looking at how such toddlers could perform. This was complemented by another of their performance called 'Dum-bells' which showed the acute learning in various early childhood development that the students receive.

A follow up speech came from a representative of the Bambino Private schools' Alumni, represented by Ms. Molly Nkosi, who joined Bambino Private schools in 'diapers' as an infant and went through Bambino Nursery school, Bambino Primary school and Bambino High school. This was befitting as she was able to elaborate on her experiences through the sections and she even alluded to being brought close to tears seeing the little ones perform, reminding her of her heydays. She encouraged the management in their efforts as well as parents and their children on how they should reflect on this privilege of going through such a rigorous educational system which, in her words, pays dividends as she herself has become a great beneficiary for the much needed preparation for the world at large.

Keynote performances

Other performances came in later form a Cultural troop who performed the 'Gule-wamkulu' dance which was one of the key performances with much appreciation showed by the audience who confessed that Bambino Private schools indeed maintains and remembers how important tradition is to our learners. This was duly complemented by performance called 'Malipenga from the Primary school who also presented sketches based on 'virtues' which made the audience realise how much the learners are instructed or taught aside from the academic aspect. This was followed by a dance performance and later another 'Gule-wamkulu' performance but this time from Bambino Private Schools boarding, which even brought much wonder from the audience seeing that students from all age groups at Bambino Private schools are able to preserve and showcase tradition. There was indeed much cheering, ululation and as per tradition, giving a bank note or two in appreciation of the traditions being showcased at the function.

Speeches from Distinguished guests

The dignitaries rose to speak on this occasion, all praising the great efforts that Bambino Private schools have shown over the years and pledging continued support and most of all, cooperation as education is indeed a key to success and building a firm foundation for the future. A heart-warming and indeed special speech came from the Chairman

Guest of Honor.
(Director in Ministry of
Education)**

of Bambino Private schools, who gave a great historical analysis of the institution and went on to reflect on the 25 years that have gone by, giving a scope of great things to come in the next 25 years and beyond. The audience appreciated the words spoken with a show of clapping of hands and nodding of heads as they listened attentively and indeed being able to learn one or two things from what Bambino Private schools has done over the past 25 years.

Awarding long-serving staff

As the event drew to a close, an emotional and indeed befitting presentation was made by the management of Bambino Private Schools in awarding long serving members of staff: Mr. Chisale; Mr Chiwera; Mrs. Tryness Banda; Mr. Paul Mzungu; Mr. A. Nhlane (the first Headteacher of Bambino High School); and Mr. R. Thom (a long serving Bambino Primary School Head-teacher), all for long service spanning more than 20 years. Each was presented with a gift with remarks being made by the Chairman of Bambino Private Schools on presenting to each one as he alluded to the cordial relationships that have spanned over the 25 years between management and their awarded staff.

The awards were further extended to the dignitaries who received a token of appreciation for their gracing the occasion and this included Mr. Lorenz Pietersen, the Head of Delegation of German exchange students who were present at the function and were given a first-hand view of the Malawi traditions from Bambino Private Schools' students much to their personal appreciation.

The ending scene

As the main function ended, there was an atmosphere of wanting more and interactive mood as most guests lingered within for interviews with the press and interaction with each other as well as giving personal congratulatory remarks to the management of Bambino Private Schools. Indeed, the main function can be summed up to be 'a moment to last over time'.

SPECIAL NEEDS

Special Class is now an independent department headed by Bridget Kaunda Bambino schools are pleased to welcome pupils with

- autism,
- ADHD,
- Moderate learning delays and disabilities,
- Down Syndrome,
- Cerebral palsy

What we offer:

- Academics
- Vocational Training
- Occupational Therapy

Vocational Training Courses:

- Food processing
- Mat making
- Gardening
- Baking
- Art & craft
- Music and Dancing
- Carpentry
- Basic education & Occupation therapy

Occupation services:

- Coordination and organization skills
- Attention and concentration skills
- Sensory processing skills
- Daily Living basics
