Dear Parents/Guardians,

RE: ONLINE PLATFORM

As you are aware, schools have been closed due to the COVID-19 pandemic. However, the school will continue to provide education services using an online platform called **Bambino Schools Online**.

This platform will be used by students to access

1. Class videos
2. Notes
3. Textbook resources
4. PowerPoint presentations with voiceovers
5. Tests and Quizzes
6. Online chats with teachers

We are also looking into creating an App for the online platform so that it is easily accessible to students.

This online platform will be accessible to Bambino students and students from other schools who are in need of the service. However, it will be tailored to Bambino Students as we will focus on continuing syllabus material as planned for each class.

This platform can be accessed by students from the 14th April 2020 at a fee of **MK 20,000 a month**. Students will be given log-in details after initial payment for the platform and their subscription will be renewed upon further payment.

As much as this online platform provides access to learning materials, parents/guardians will, now more than ever, be required take a more active role in their children's education. Parents/ guardians will be

required to assist students to go through the material, ensure that they are doing the online assessments and that they are up to date with all work on the platform. Parents/guardians can also assist the school by providing feedback to teachers using the class WhatsApp groups so that we can continuously improve the service of the Online Platform

We hope that this arrangement will be welcomed as it will be beneficial to all students amid the crisis at hand.

Yours Sincerely,

A handwritten signature in black ink, appearing to be 'Sandra Mkandawire', written on a light-colored background.

Sandra Mkandawire
Education Director
